DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see Remarks, filed June 13, 2006, with respect to the claims have been fully considered and are persuasive. The rejection(s) of the claims have been withdrawn.

Claim Objections

2. Claims 23-25, 48-50 and 54-55 are objected to under 37 CFR 1.75(c), as being of improper dependent form for failing to further limit the subject matter of a previous claim. Applicant is required to cancel the claim(s), or amend the claim(s) to place the claim(s) in proper dependent form, or rewrite the claim(s) in independent form.

Allowable Subject Matter

3. Claims 1-22 and 26-47 and 51-53 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Takashima (US 2004/0145715) discloses a reaction assembly with a first and second mass (figure 2B, references 3' and 3). However, there is no connector that connects the first and second mass assemblies nor would it be obvious to make such modification since the first and second masses are in a non-contact manner and are capable of canceling any reaction forces independently.

Therefore, the prior art does not teach or disclose nor render obviousness over “a connector assembly that connects the reaction subassemblies together, allows for relative movement of the masses with at least one degree of freedom and inhibits relative movement of the masses with at least one degree of freedom.”

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled “Comments on Statement of Reasons for Allowance.”

Conclusion

5. This application is in condition for allowance except for the following formal matters:

See the objections to claims 23-25 and 48-50 above.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
